

AIR INDIA SCALES UP KATHMANDU, COLOMBO, BANGKOK ROUTES TO MEET SURGING DEMAND

- *Additional flights enable seamless one-stop connectivity to and from North America, Europe, and Fast East Asia.*

GURUGRAM, 05 June 2025: Air India, India's leading global airline, today announced it has added more flights to Bangkok, Colombo, and Kathmandu, to meet the growing passenger demand.

Effective 07 July 2025, Air India will add:

- A sixth daily flight between Delhi and Kathmandu, increasing frequency from 35x weekly to 42x weekly.
- A second daily flight between Delhi and Colombo, doubling frequency on the route from 7x weekly to 14x weekly.
- A third daily flight between Mumbai and Bangkok, increasing frequency from 13x weekly to 18x weekly.

The expansion leads to the addition of over 7,000 seats deployed to and from Bangkok, Colombo, and Kathmandu.

The additional flights to Kathmandu and Bangkok will be operated by Air India's best narrowbody aircraft in three-class cabin configuration, including Premium Economy Class, offering a premium full-service flying experience to travellers on the routes.

Air India's flights to Colombo, Kathmandu, and Bangkok provide seamless one-stop connectivity to and from destinations in North America, Europe, and the Far East.

About Air India group

The Air India group – comprising of full-service global airline Air India and low-cost regional carrier Air India Express – is spearheading a new era of Indian aviation. The Air India story began in 1932 when JRD Tata piloted the airline's inaugural flight and opened the skies for aviation in India. Today, Air India group employs more than 30,000 people, operates over 300 aircraft and carries customers to 55 domestic and 48 international destinations across five continents.

Returning to the Tata Sons in 2022 following 70 years under Government ownership, Air India group is in the midst of a five-year transformation program, Vihaan.AI. As part of the transformation, Air India has placed an order for 570 new aircraft. In 2024, sister airlines Air Asia India and Vistara were successfully merged into Air India Express and Air India, respectively, and the Airline opened South Asia's largest aviation training academy. A new flying school is scheduled to open in 2025, and construction of a greenfield maintenance base, to be operational in 2026, is underway. In addition to receiving new aircraft, all existing aircraft are progressively undergoing a full interior refit.

With transformation underway across all facets of the business and India's rich legacy of hospitality, Air India is committed to being a world class global airline with an Indian heart.
