

AIR INDIA GROUP ANNOUNCES SEASON 2 OF THE AIR INDIA SUPER LEAGUE ALONG WITH INAUGURAL EDITION FOR CARGO PARTNERS

GURUGRAM, 22 January 2026: Air India, India's leading global airline, announced Season 2 of the Air India Super League, its flagship pan-India cricket tournament for valued business partners. Building on the strong momentum and participation from its debut season, the league returns this year with an expanded format, including the inaugural Air India Super League for Cargo partners.

The Air India Super League stemmed with the goal to celebrate partnerships beyond the boardroom, bringing together our channel partners and cargo partners on a shared platform of sport.

For travel partners, regional matches kicked off in Kolkata, followed by fixtures coming up in Chennai, Bengaluru, Mumbai and New Delhi. The semi-finals and finals are scheduled to be held in New Delhi on February 15, 2026. In parallel, the Cargo edition of the Air India Super League kicked off on 17 January and will see teams compete across Bengaluru and New Delhi, culminating in the national semi-finals and finals alongside the trade teams.

All matches from the Air India Super League will be live-streamed on YouTube, enabling participants' families, colleagues and industry peers across the country to follow the action.

With the second season of the Air India Super League, Air India group continues to achieve its goal to strengthen its relationship with its partner ecosystem, focusing on long-term relationships through experiences that reflect the airline's culture of teamwork, inclusivity and collaboration.

About Air India group

The Air India group – comprising full-service global airline, Air India, and value carrier, Air India Express – is spearheading a new era of Indian aviation. The Air India story began in 1932 when JRD Tata piloted the airline's inaugural flight and opened the skies for aviation in India. Today, Air India group employs more than 30,000 people, operates over 300 aircraft and carries customers to 57 domestic and 49 international destinations across five continents.

Returning to the Tata Sons in 2022 following 70 years under Government ownership, Air India group is in the midst of a five-year transformation program, Vihaan.AI. As part of the transformation, Air India has placed an order for 570 new aircraft. In 2024, sister airlines Air Asia India and Vistara were successfully merged into Air India Express and Air India, respectively, and the Airline opened South Asia's largest aviation training academy. A new flying school is scheduled to open in 2025, and construction of a greenfield maintenance base, to be operational in 2026, is underway. In addition to receiving new aircraft, all existing aircraft are progressively undergoing a full interior refit.

With transformation underway across all facets of the business and India's rich legacy of hospitality, Air India is committed to being a world class global airline with an Indian heart.
