

## AIR INDIA EXPANDS PARTNERSHIP WITH AIRBALTIC TO ENTER INTO CODESHARE AGREEMENT

- Enhanced cooperation to offer seamless connectivity between India and Latvia via major European gateways

**GURUGRAM, 30 DECEMBER 2025:** Air India today announced a new, unilateral codeshare partnership with airBaltic, the flag carrier of Latvia, thus making the Baltic region more conveniently accessible for Air India customers. This builds on the interline partnership between the two carriers established in June 2025.

Under the codeshare, Air India has begun adding its 'AI' designator code on airBaltic-operated flights between the Latvian capital city of Riga and Air India's European gateways at Amsterdam, Paris, Frankfurt, Copenhagen, Milan Malpensa, Vienna, Zurich, and London Gatwick. This enables Air India customers to travel between India and Riga via any of these European points with a single Air India ticket including flight connections to Riga bearing the 'AI' designator code.

Air India's interline partnership with airBaltic also enables travellers to fly to Tallinn in Estonia and Vilnius in Lithuania via select Air India gateways in Europe, thus covering the Baltic region.

**Nipun Aggarwal, Chief Commercial Officer, Air India,** said: *"This expanded partnership with airBaltic reflects Air India's commitment to providing seamless global connectivity to our customers across the world. Latvia and the wider Baltic region are growing travel markets, but getting there for our customers was previously not as convenient as it now becomes with airBaltic on board with us."*

Air India operates non-stop flights from Delhi to Amsterdam (7x weekly), Paris (14x weekly), Frankfurt (12x weekly), Copenhagen (4x weekly), Milan (6x weekly), Vienna (4x weekly), Zurich (4x weekly); from Mumbai to Frankfurt (5x weekly); from Amritsar and Ahmedabad to London Gatwick (3x weekly on both routes).

Since its privatization in 2022, Air India has significantly expanded its global alliance network. Today, the airline maintains 24 codeshare partnerships and nearly 100 interline agreements with leading carriers worldwide, providing seamless access for Air India customers to over 800 destinations globally.

The codeshare flights are available for bookings through the two airlines' respective booking channels and travel agents worldwide.

### About Air India group

The Air India group – comprising full-service global airline, Air India, and value carrier, Air India Express – is spearheading a new era of Indian aviation. The Air India story began in 1932 when JRD Tata piloted the airline's inaugural flight and opened the skies for aviation in India. Today, Air India group employs more than 30,000 people, operates over 300 aircraft and carries customers to 57 domestic and 49 international destinations across five continents.

Returning to the Tata Sons in 2022 following 70 years under Government ownership, Air India group is in the midst of a five-year transformation program, Vihaan.AI. As part of the transformation, Air India has placed an order for 570 new aircraft. In 2024, sister airlines Air Asia India and Vistara were successfully merged into Air India Express and Air India, respectively, and the Airline opened South Asia's largest aviation training academy. A new flying school is scheduled to open in 2025, and construction of a greenfield maintenance base, to be operational in 2026, is underway. In addition to receiving new aircraft, all existing aircraft are progressively undergoing a full interior refit.

With transformation underway across all facets of the business and India's rich legacy of hospitality, Air India is committed to being a world class global airline with an Indian heart.
