

AIR INDIA TO FLY TWICE DAILY BETWEEN DELHI AND JAISALMER THIS WINTER

- Double daily flights starting from 26 October 2025
- Seamless one-stop connections to/from other Europe, UK, and major domestic cities via Delhi

GURUGRAM, 09 September 2025: Air India, India's leading global airline, today announced non-stop services between Delhi and Jaisalmer, starting 26 October 2025. The service will operate until 28 March 2026 to meet the seasonal tourism demand for India's Golden City.

Air India will operate double daily flights on this route using its A320 aircraft, offering the only full-service experience for travellers to Jaisalmer.

The new flights to Jaisalmer are also timed to enable convenient connections to/from Europe, UK and major domestic stations.

"Our new services to Jaisalmer open the doors to India's Golden City for travellers seeking its timeless charm and for those who prefer to fly full-service," said Nipun Aggarwal, Chief Commercial Officer, Air India. "This seasonal service not only caters to the growing demand for cultural tourism but also underscores Air India's dedication to making India's heritage more accessible through seamless air travel."

About Air India group

The Air India group – comprising of full-service global airline Air India and low-cost regional carrier Air India Express – is spearheading a new era of Indian aviation. The Air India story began in 1932 when JRD Tata piloted the airline's inaugural flight and opened the skies for aviation in India. Today, Air India group employs more than 30,000 people, operates over 300 aircraft and carries customers to 55 domestic and 48 international destinations across five continents.

Returning to the Tata Sons in 2022 following 70 years under Government ownership, Air India group is in the midst of a five-year transformation program, Vihaan.AI. As part of the transformation, Air India placed the then largest-ever order for 470 new aircraft in 2023. In 2024, sister airlines Air Asia India and Vistara were successfully merged into Air India Express and Air India respectively, and the Airline opened South Asia's largest aviation training academy. A new flying school is scheduled to open in 2025, and construction of a greenfield maintenance base, to be operational in 2026, is underway. In addition to receiving new aircraft, all existing aircraft are progressively undergoing a full interior refit.

With transformation underway across all facets of the business and India's rich legacy of hospitality, Air India is committed to being a world class global airline with an Indian heart.
